# Lynn Kessler

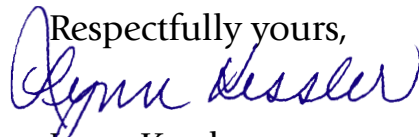

Dear Friends:

The Legislature went back to work this month for a 60-day session in which discussions will no doubt cover a wide range of issues. Most of my time and attention will be focused on:

- ◆ Strengthening rural development
- ◆ Restoring salmon and other runs
- ◆ Expanding the Basic Health Plan and options for long-term care
- ◆ Bolstering K-12 and higher education
- ◆ Cracking down on drunken driving

Please don't ever hesitate to get in touch with me whenever you have thoughts on these or any other issues.

Respectfully yours,

Lynn Kessler  
State Representative  
24th Legislative District
